

PASTORAL POCKET & FOB CORRECTIONS/FINISHING INSTRUCTIONS:

FINISHING THE POCKET

STEP 1:

Gently press your finished pocket using a warm iron and pressing cloth. Sew on Bone Flower Button where indicated on chart.

STEP 2:

Count UP 32 threads from Fold line 1 and trim off any excess linen by pulling thread 33 entirely from fabric then cutting along pull.

Count DOWN 32 threads from Fold line 5 and trim off any excess linen by pulling thread 33 entirely from fabric then cutting along pull.

Count OUT **32 threads** from the left hand edged of design area and trim off any excess linen by pulling thread 33 entirely from fabric then cutting along pull.

Count OUT **32 threads** from the right hand edged of design area and trim off any excess linen by pulling thread 33 entirely from fabric then cutting along pull.

If using the optional interfacing, cut a piece of lightweight, sew-in interfacing the same exact size as your trimmed piece.

STEP 3:

Cut a piece of wool felt 5 3/4" wide by 1 3/4" tall. Baste or pin this felt onto stitched piece where indicated on chart. Attach by sewing 4mm buttons where indicated on chart. Remove basting.

FINISHING THE SCISSORS FOB

LADDER STITCH:

Using 1 ply of **Dinky Dyes 052**, take the needle and thread under the first back stitch of the border on the tag back then through the corresponding back stitch on tag front. Continue joining back stitches all around the tag until all back stitches have been joined (see illustration at below). Pull the ladder stitches tightly to pull the sides of the tag together. Stitch through the twisted cord when you come to it.
