BLOCK 8 - RINGED BACKSTITCH & ALGERIAN EYE

Using 1 strand Soie 100/3 first make the Algerian Eyes (legs AA-HH) as shown below. Then, working from right to left work legs 1 - 16 and repeat across the width of the block. Without ending thread, work a return trip from left to right (legs A-P). On step 2 below the stitches made on the first trip (legs 1-16) are shown in gray. Note that the vertical legs of Step 1 share a space with the vertical legs of Step 2. Now make two more horizontal rows of Ringed Backstitch. Note that on these subsequent rows the bottom horizontal legs of the upper row will share a space with the upper horizontal legs of the row beneath.
