

Corrections for Too Tiny Samplers

Note: Color 712 (Needlepoint Silk) 3726 (DMC), Medium Bordeaux was not included on the original color key. Use the color key below when stitching Too Tiny Samplers.

Please also note that on “Too Tiny Too” the letter V (originally keyed to be stitched in Dark Blue Green) and the letter P (originally keyed to be stitched in Dark Taupe) should be stitched in Medium Bordeaux.

The letter W is back stitched in 1 ply 294, Dark Green

We apologize for any inconvenience this has caused.
